Dear Paul,

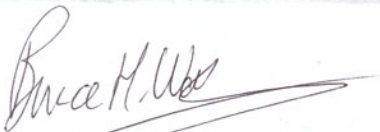

On behalf of our client, Mr Saki Macozoma of Transnet but far more particularly on behalf of David Barritt & Company, I wish to express a slightly belated but all the more sincere appreciation to you and to all the technical team from Gearhouse Cape Town, who worked with to create a special evening at the Table Bay Hotel on 17 January.

Despite huge delays in instruction and confirmation, the response that we enjoyed to any of our requests was fast, efficient, friendly and helpful. Again, despite the obstacles of a late move-in and a highly technical challenge, all deadlines were met and, as usual both the equipment and the operational standard was excellent. Yvonne Chaka Chaka has also asked me to express gratitude to your staff for their major role in boosting her performance. I would be most grateful if you would please pass all our sincere gratitude to the guys for their commitment to our function.

In summary, our guests enjoyed a very slick evening that passed without flaw, and the reflected glory from your team has (if you will excuse the pun!) shone a great light on our client.

With sincere appreciation to you personally and to the Gearhouse team,

Best regards,

BRUCE WATERS
